

Women in Golf Charter

The Swiss Golf Association (ASG) is committed to encouraging more women to play golf and supports women to have careers within the Golf industry in Switzerland.

The ASG is pleased to sign and support the Women in Golf Charter led by the R&A and is proud to have already in place the following:

- **Board Members:** one woman in the ASG Board Member
- **General Secretary:** a woman is ASG General Secretary
- **ASG Commissions:** at least one woman is member in each of our Commissions
- **Golf4Girls:** in 2017 we started a programme aimed to motivate more girls between the age of 7 to 12 to play and stay in the game. The programme is organized and run by female professionals and female amateur coaches.

We will commit to:

1. Actively increase the involvement of women in the ASG Governance and structures.
2. Continuing to improve the program Golf4Girls.
3. Actively support clubs in modernizing their Governance to improve gender balance and inclusiveness across boards, committees, workforce and membership.
4. Increase the number of women playing the game by developing Women & Girls focused initiatives.
5. Showcasing Women and Girls as role models throughout every aspect of the game.

Ms. Olivia Stoffel
ASG Board Member

Ms. Barbara Albisetti
ASG General Secretary
