Note for parents

Practising yoga and mindful breathing is a great way to **calm** the body and mind. Encourage your child to **breathe deeply** and **move slowly** into each position.

Yoga should be **relaxing**, so we advise that children do not overstretch to achieve positions that feel unnatural to them.

Find a space where you feel calm:

Sit on the floor with your legs crossed. Relax.

Very slowly, say the word "Omm" three times.

Now you're ready to start.

What can you hear?

Get into a comfortable position and relax. What sounds can you hear around you?

Balloon breathing

Sit up straight with your back nice and tall. Place your hands gently on your chest.
