

To The Resident

New Amenity Block – Glenfields Neighbourhood Park, Mountain Creek

Project summary

Sunshine Coast Council is committed to maintaining and improving our parks and recreational spaces across our region.

As part of these ongoing improvements, a new public amenity block will be constructed at Glenfields Neighbourhood Park, Mountain Creek. The new public amenity block will consist of one disability and one unisex toilet to service its patrons and wider community.

A disability compliant car space and interconnecting pathways will also be constructed on Glenfields Boulevard.

The works have been carefully reviewed to minimise vegetation clearing, however it is necessary to remove one tree. As part of council's commitment to sustainability, several trees will be planted as offset in the surrounding area of Glenfields Neighbourhood Park.

Start date

Works are scheduled to commence at the start of September and will be completed by mid-October, weather and site conditions permitting.

Property access and parking

Temporary fencing will be set up around the work site for the duration of the project.

There will be no impact to access or parking.

The parks facilities will remain open to the public at all times.

Thank you for your patience while we deliver these important works.

Further information

You can find further information about this project on Council's website at www.sunshinecoast.qld.gov.au or contact council's project officer Mathew Wright via the details below Glenfields Neighbourhood Park public amenity block. Please quote project number K1456.

A note from your local councillor

Hi all, as promised, the next significant upgrade to the Glenfields Neighbourhood Park is happening. We have been working on this project for some time and it will support opportunities to improve the entire park for the community. Be on the lookout for community engagement for the park, as we will soon ask you how you want to see it upgraded and improved for the future. Thank you for your support.
