

To The Resident

Stormwater Pit Upgrade – Stephen Street, Buderim

Project summary

Sunshine Coast Council is committed to maintaining our infrastructure across the region.

As part of this year's Stormwater Renewal Program, council is replacing two stormwater pits on Stephen Street, Buderim.

Please refer to Figure 1 overleaf.

Start date

Work is scheduled to start the week beginning Monday 20 February 2023. Construction is expected to be completed within one week, weather and site conditions permitting.

Work will occur between 7am and 5pm on weekdays.

Property access and parking

During works, access to properties will be maintained, however there will be a temporary loss to on-street parking to facilitate construction.

Traffic management

To ensure the safety of all road users, traffic management measures will be in place throughout the project, including temporary construction fencing and staffed traffic control.

Your patience during construction is appreciated.

Further information

For further information about this project, please contact council's project officer Clint Jones via the details below (please quote project number K4187).

A note from your local councillor

I am pleased this work is starting and I look forward to it being completed. Thank you for your patience and understanding during construction.

I remain committed to working toward the funding and delivery of these important infrastructure projects for the benefit of our entire community.

Cr Ted Hungerford
