Robert Christian Wiensesen – Veterinary Surgeon

I graduated in 2011 from Utrecht University's Faculty of Veterinary Medicine in the Netherlands. Before joining the MediVet family at MediVet Reading, I worked at practices in Dover, Darlington and Birmingham. I have a special interest in exotic animals such as birds, reptiles and small furrries. I also have a keen interest in ophthalmology and anaesthesiology. At home, I have two pets of my own: a Frisian Pointer called Sita and a spotted tortoise. In my free time I love to road cycle and compete in triathlons, including half iron distances. I have a fondness of model trains as well.
