

# Program Social Sciences for a Digital Society 2025 - 2026

	Period 1: Sept - Oct	Period 2: Nov - Dec	Period 3: Jan	Period 4: Feb - Mar	Period 5: Apr - May	Period 6: June
YEAR 1	Big Problems (6 EC) <span style="float: right;">T</span>	Digital Society Research (6 EC) <span style="float: right;">T</span>	Mixed Methods and Network Analysis (6 EC) <span style="float: right;">M</span>	1. Dynamics of Polarization and Inclusion (3 EC) 2. Governance and Algorithms in Care and Welfare (3 EC) <span style="float: right;">T</span>	Integrative Research Project (9 EC) <span style="float: right;">T M S</span>	
	Research Design Principles (3 EC) <span style="float: right;">M</span>	Big Data, Small Data (9 EC) <span style="float: right;">M</span>		Advanced Methods I: Qualitative Methods (6 EC) or Data Mining and Text Analysis (6 EC) <span style="float: right;">M</span>	Research Design in Practice (3 EC) <span style="float: right;">S</span>	Research Integrity and Responsible Scholarship (3 EC) <span style="float: right;">S</span>
	Peer Group Learning Year 1 (0 EC) <span style="float: right;">S</span>					

	Period 1: Sept - Oct	Period 2: Nov - Dec	Period 3: Jan	Period 4: Feb - Mar	Period 5: Apr - May	Period 6: June
YEAR 2	Societal or Academic Internship (24 EC) or Internship (18 EC) + Advanced Methods II (6 EC) <span style="float: right;">T M S</span>		Writing a Scientific Paper (6 EC) <span style="float: right;">S</span>	Master Thesis (30 EC) <span style="float: right;">T M S</span>		
	Peer Group Learning Year 2 (0 EC) <span style="float: right;">S</span>					

T Focus on theory

M Focus on methodology

S Focus on academic and transferrable skills
