

This is a possible planning of the PBH master program. It is however possible to do 1st year courses in the 2nd year, or vice versa. Note: you cannot follow courses in other periods than they are offered! Take a look at the Study Guide for PBH to check the latest information about the courses, teachers, periods and contents. Do you have any questions? Send an email to the contact person (check: www.vu.nl.pbh)
