This interactive symposium is the 18th in an annual SERVUS symposium series.

The world is changing rapidly under the influence of new technologies. The 24/7 organization calls for a compassionate leader, a leader who is a community builder, an active listener, a mentor who is able to reconcile high-tech versus high-touch. How to be a mentor, guardian and motivator, agile coach for your employees, your mentees and your customers across cultures? How can executives through their mentoring role give back to society?

Renowned international speakers, a.o. Prof. dr. Maurice Crul, Prof. dr. Fons Trompenaars and dr. Sylvia van de Bunt, will highlight the state-of-the-art in cross-cultural mentoring research, the emancipation of refugee communities through mentoring, and dilemma reconciliation. After the plenary part, parallel workshops will allow for interactive discussion and networking opportunities.
