

Step 6 **Map out your actions**

When you have completed all the exercises, there are bound to be questions left open. Make an action plan and fill in the actions you want to take in the schedule below.

Once you've made a profile and you know who you are, what you can do and what you want, you can draw up an action plan.

1. What information is still missing to come to a final decision?
2. Who would you like to talk to for more information about the study programme or the professions you are interested in?
3. What actions will you undertake in the near future and when will you do these exactly?

Fill out the action plan

| Action | Who or what do you need? | When will you take this action? |
|--------|--------------------------|---------------------------------|
| | | |
| | | |
| | | |
