2026 Subscribe to Open Pricing

read.dukeupress.edu/demography

Demography, the flagship publication of the Population Association of America, presents the highest-quality original research of scholars in a broad range of disciplines that includes anthropology, biology, economics, geography, history, psychology, public health, sociology, and statistics.

Starting in 2024, *Demography* is offered through a **Subscribe to Open (S2O)** model. The S2O model uses subscription payments to convert gated access journals to full open access (OA). Subscription fees support overhead publishing costs, and the current content for that year will be made fully OA if the funding threshold is met.
